

AD LOC FC100

Freezer / Cooler Application

ADVANCED PANEL PRODUCTS LTD.

Our AD LOC FC100 panel is our Health Grade freezer and cooler panel. It is fully thermally broken and has flanges internally and externally. Panels come in 36" widths which expedite install times. (An intermediate fastener may be required). A multitude of options are available such as freezer & cooler doors, interior FRP paneling, as well as floor and interior partitions. We manufacture this product in Edmonton so on time delivery within budget is easily attainable.
